

Dr. rer. nat. Raghid Shehayeb

Address: Loosestr. 22, 01662 Meißen, Germany

Date of Birth: 07.02.1993

Nationality: Lebanese

Tel: +491782385314 | **Email:** r.shehayeb@outlook.com

LinkedIn: linkedin.com/in/raghidshehayeb

Professional Summary Postdoctoral Researcher and Scientific Coordinator with over 5 years of experience leading interdisciplinary research in water resources management, climate risks, and systemic sustainability. Proven track record in coordinating international research networks, leading multi-stakeholder projects, university-level teaching and supervision, and publishing peer-reviewed studies. Dedicated to advancing actionable research that empowers decision-makers in driving sustainability transformations.

Experience

- **Scientific Coordinator & Researcher** | Leibniz Institute of Ecological Urban and Regional Development
July 2024 – Present | Dresden, Germany
 - Coordinating and contributing to the research processes (publications, conference sessions, research infrastructure, communications) of the Leibniz Lab “Systemic Sustainability” and the Leibniz Research Network “Earth & Societies”.
 - Co-chair of “Freshwater & Societies” working group within the network.
 - Mentoring doctoral candidates
 - **Lecturer & Teaching Assistant (Part-time)** | Technische Universität Dresden & CIPSEM
May 2022 – Present | Dresden, Germany
 - Design and deliver lectures and course modules on water resources, environmental risks, and climate adaptation.
 - Supervise student research projects, coursework, and practical assignments.
 - Develop examination materials, evaluate exams and coursework.
 - **Research Assistant Intern** | UNU-FLORES
Oct. 2020 – Jan. 2021 | Dresden, Germany
 - Provided research and organizational support within several ongoing UNU-FLORES projects: Water management in the textile industries; International Water Colloquium: Cooperation in water management; SMART-WaterDomain.
 - **Project Coordinator** | Khota Ashabab Org.
Aug. 2016 – Aug. 2018 | Aley, Lebanon
 - Worked as a consultant in coordination with GIZ/ZFD to develop a strategic plan for the NGO, co-plan projects, write proposals, and facilitate meetings and workshops.
-

Education

- **Doctoral degree (Dr. rer. nat.)** – Faculty of Environmental Sciences | Technische Universität Dresden
Mar. 2021 – Mar. 2026 | Dresden, Germany
 - *Topic:* Indicator-based Drought and Heat Risk Assessment Framework for Ecosystem Services of Urban Green Infrastructure.
- **M.Sc. in Integrated Water Resources Management** | Technische Hochschule Köln
Sep. 2018 – Dec. 2020 | Cologne, Germany
 - *Thesis topic:* Assessing the Urban Water Security of Beirut, Lebanon.

- *Publication:* unesdoc.unesco.org/ark:/48223/pf0000388100
 - **Bachelor's Degree in Civil and Environmental Engineering** | Beirut Arab University
Sep. 2010 – Jun. 2017 | Beirut, Lebanon
 - *Focus:* Wastewater management; Hydrology; Hydraulic structures.
 - Graduate course in Project Management.
-

Skills

- **Technical Skills:** ENVI-met, ArcGIS/QGIS, R-Studio, Python, Shiny, Microsoft Office, AutoCAD, Website development and maintenance
 - **Soft Skills:** Project management, time management, team leadership, supervision, communication and presentation skills, conflict resolution
 - **Language Skills:** English (Fluent-C1); German (Intermediate-B2); Arabic (Native)
-

Recent Conferences

- **EGU 2026** | Vienna, Austria
May 2026
 - Oral Presentation on Integrative and Transformative Research on Earth and Societies and its specificity for Freshwater.
 - **XIX World Water Congress 2025** | Marrakesh, Morocco
Dec. 2025
 - Oral Presentation on Integrative and Transformative Research on Water and Societies, exploring the research gaps and identifying the demands.
 - **Sustainability Science Summit 2025** | Berlin, Germany
Feb. 2025
 - Moderating Session on Systemic Sustainability: A New Chapter of Inter- and Transdisciplinary Sustainability Science.
-

Professional Memberships

- European Geosciences Union
- International Society of Biometeorology
- Society for Urban Ecology
